Jardín Tropical: A Perfect Combination of the Elements

Location

Water, earth, air... all these are spectacularly combined in this genuine paradise designed by the famous international architect Melvin Villarroel. The integration of the Arabian-inspired architecture blends with nature and its beautiful subtropical gardens make this superior 4 star hotel a unique destination for lovers of good taste and tailored services.

The hotel is located on the Adeje Coast, the most exclusive area in southern Tenerife with an annual average temperature of 23 degrees. Our customers will be able to delight in spectacular sunsets and enjoy wonderful views of the Atlantic Ocean and the island of La Gomera. Notably, Jardín Tropical has already won countless awards, including the prestigious Condé Nast Johansen Award of 'Best Mediterranean & European Resort 2006'.

This recently refurbished hotel is located just 17 km from Reina Sofía airport (in the south of the Island) and 80 km from Los Rodeos airport (in the north of the island) and has 310 rooms and 80 suites on five floors, furnished to the smallest detail with Canary Island pine, stone and quicklime.

It is well worth a foray into Jardín Tropical, strolling through its spectacular 12,000 m² subtropical gardens featuring over 1,700 species of trees and plants, where guests cannot fail to find numerous magic spots.

You can also relax in our sun lounge, where you can take advantage of our free sunshades, sun loungers, mats and towels, or bathe in the freshwater pool decorated with large and small waterfalls whilst enjoying the amazing views of the sea.

Accommodation

Each of the 310 rooms is decorated in warm colours and furnished with natural wood furniture. In addition, they all have modern comforts such as air conditioning, minibar, safe, telephone, LCD satellite TV and a balcony or terrace opening out onto the sea or our beautiful lush natural spaces so you can enjoy the pleasant sea breeze and the warmth of the Tenerife sun at any time while enjoying wonderful views.

The main features of its 80 suites - also luxuriously furnished to the last detail and comprising of a large bedroom with dressing room; living room and marble bathroom - are their colonial-style furniture and exclusive services including an aromatherapy set and pillow menu.

Room service is of course available to hotel guests 24 hours a day.

Gastronomy

A vast array of culinary styles awaits Hotel Jardín Tropical guests in each of the five restaurants available for them to choose from.

"Las Rocas", our speciality restaurant, specialises in fresh fish and shellfish, combining these two seafood delicacies in a skilful way, with the traditional ingredients of the Canarian kitchen. It is situated at Las Rocas beach club overlooking the sea and offering guests magnificent views over the Atlantic Ocean, whilst they enjoy the taste and flair of their extraordinary courses.

This a la carte restaurant serves lunches and dinners and attracts diners from the whole island of Tenerife.

"El Patio", Hotel Jardín Tropical's gourmet restaurant, like the other restaurants and facilities within the hotel, ensures its guests a five-star service, with the kitchen managed by Álvaro Garcés, who, with his flawless menu planning, combines traditional Mediterranean flavours with modern day textures and presentation.

In "El Patio" the ambience is intimate and cosy making it ideal for any celebration. It offers a variable seasonal menu combining the tastes of yesterday with the techniques of today. All this is completed with an extraordinary "degustation menu".

"Las Mimosas", the hotel's gastronomic heart, delights its guests every morning with a generous breakfast in light, open surroundings. Whether we are talking about dishes prepared before customers' very eyes or about deliciously ripe fruit, guests can choose from a huge variety of food at this buffet-style restaurant which is open for both lunch and dinner.

The à-la-carte restaurant **"Las Cuevas"**, which opens only for dinner, specialises in vegetables, meat and fish. No culinary tastes will be left unsatisfied here.

"Los Cucuruchos" serves snacks, lunch and dinner in a very relaxed atmosphere. Here, customers can choose from a very comprehensive menu with all kinds of meats, fish, baguettes, sandwiches, burgers, milkshakes, ice cream cones and cakes, as well as a salad bar.

Bars

The **"Lobby Bar"** opens in the afternoon and serves coffee, tea and cake every day while guests delight in a few fine piano notes.

"Los Cucuruchos" serves snacks on the partially covered poolside terrace. In addition, it also provides a salad bar every day from 1 pm to 4 pm.

"Las Rocas" bar, which is located at the Beach Club, is open for 13 hours per day and serves customers refreshing drinks next to the sea.

The **"Café de París"** opens at 8 pm and provides live music as well as a great variety of shows until 1 am while guests enjoy its wide selection of cocktails ranging from the classical "mojitos", "margaritas" and "caipirinhas" to the most elaborate of drinks.

Wellness & Spa

Hotel Jardín Tropical offers guests who enjoy wellness activities or want a "relaxing" holiday its recently refurbished well-being oasis "Tropical Wellness".
